ANNOUNCEMENTS.

CONGRESS.
The friends of Rowland C. Burns beg to announce that he is a candidate for Congress in this district in 1902, subject to the action of the Republican party. He believes that a mountain man is as good as any one.

Congressman Kehoe's bill to allow \$100 for the burial of each pensioner who dies is meeting with much favor and will doubtless become a law. It is something that seems to have been overlooked heretofore.

There seems to be an earnest fight between rival railroad companies up Big Sandy, and the prospects are exceedingly good for railroad line up there. It is hoped that whichever wins in the contest for right of way will proceed to build the line as rapidly as possible. Some fear that if one company gets control of the situation it will quit work and keep the territory tied up. But this is hardly probable now.

A DOCTOR'S BAD FLIGHT

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Seabright, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for consumption coughs and colds, I found quick relief, and for the last ten days have felt better than for two years." Positively guaranteed for throat and lung troubles by A. M. Hughes 50c and \$1. Trial bottles free.

THE GREAT DISMAL SWAMP

Of Virginia is a breeding ground of malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous malarial fevers. But Electric Bitters never fail to destroy them and cure malarial troubles. They will surely prevent typhoid. "We tried many remedies for malaria and stomach and liver troubles," writes John Charleston, of Byesville, O., "but never found anything as good as Electric Bitters. Try them. Only 50c at A. M. Hughes. Guarantee satisfaction."

GOOD ADVICE.

Farmers cannot repair watches—neither can a bungler.

Don't take your watch to a man who knows nothing about it. You will have an expensive job at the end.

Any bungler can buy the fine kinds of material that I use in repairing if they will, but skill is the most valuable material used in watch-making, and bunglers can't buy it.

I sell my skill for what it is worth, and it costs you less than bungling at a lower price.

WIELDS A SHARP AX.

Millions marvel at the multitude of maladies cut off by Dr. King's New Life Pills—the most distressing too. Stomach, liver and bowel troubles. Dyspepsia, loss of appetite, jaundice, biliousness, fever, malaria, all fall before these wonder workers 50c at A. M. Hughes drug store.

Mr. J. N. Camden, Jr., of the Hartland Stud, last week sold thirty-one head of yearlings to J. J. McSherry, New York, and J. W. Scott, of Memphis, for \$20,000. Sixteen of the lot were by Imp. Exhor, eleven by Handsome and the other four by Belvidere, Imp. Harrington, Plaudit and Owas. This is the biggest deal in thoroughbreds since Colonel Milt Young sold Richard Croker \$25,000 worth of Hanover's get. By reason of this sale, Mr. Camden will not have his annual New York sale this year.

The Oliveville lumber camp is the biggest lumber camp in Lawrence county, as it is kept. The Harrocks Dock Co., of New York, are cutting the oak on the Cookeys land, known as the Dalton tract. Turner, Day & Woodworth Handle Co. are cutting the hickory into handle billets and shipping same to Huntington. J. W. Harris, of Lockwood, is cutting all lops and small oak into ties for J. H. Northup, making three mills all in hollowing distance. "Quite a lot of the 'Dollars of the Daddies' are made here that go to help pay the taxes of the county, to say nothing of the white lightning."

Mr. and Mrs. Bechtel and Mr. and Mrs. Theobald were viewing out their new home on Sprinkle place today, as that is the next set to be cut for the Harrocks Dock Co.

Result of Good Management.

The ability of a company to pay good dividends depends in a large measure upon the acumen of its officials in profitably investing its funds. The Mutual Life, of New York, leads all other companies in excess of interests, and profits on its investments as compared with expenses, and during its 58 years has exceeded from this source its entire expense of all kinds, together with its taxes, and has left the large sum of \$58,796,202.

The following is a table showing:

HE FEARED HE HAD LOST

When Wu Ting Pang, the famous Chinese Minister to Washington, irritable and somewhat forgetful from a severe cold, missed one day from the front of his cap the immense diamond he always wears there, he was dreadfully frightened. A friend pointed out that the statesman had inadvertently doctored his turban wrong side before, and that the diamond was safe in the rear. Had Wu Ting Pang been wearing a Benson's Porous Plaster on his chest or back to cure his cold, he never would have doubted its location. He would have felt it doing its work—warming and making flexible the torpid muscles, extracting the pain and soreness, promoting the free circulation of the blood, stimulating the skin and lungs to proper action, and so dispersing and banishing the malarial. Thus we preserve, beloved friends, that

THE BIG DIAMOND ON HIS HAT

while a pretty thing to look upon, was of no practical use. But Benson's Plasters are supremely useful. They relieve and cure gout, rheumatism, neuralgia, colds on the chest, lame back, etc., so quickly and completely as to make you wonder how it can be. Better now—well so—morning; that's the way they work. Get the genuine. All druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c. each. DESPERATE FIGHT.

Will Reynolds, Colored, Killed Two Men and Mortally Wounded Three.

NEGRO WAS RESISTING ARREST

The Murderer in Turin Was Riddled With Bullets and His Body Thrown Into a Fire.

Three Houses Were Burned in An Effort to Reach the Desperado—Every Shot Fired By Reynolds Brought Down a Man.

Tusculum, Ala., April 1.—Three men are dead, three mortally wounded and four seriously wounded as the result of Sheriff Gassaway attempting to arrest Will Reynolds, a desperate Negro.

The dead: Hugh Jones, shot through head; Bob Wallace, Will Reynolds. Fatally wounded: Sheriff Charles Gassaway, shot through the arm and abdomen; Will Gassaway, shot through stomach. Seriously wounded: Jim Paine, shot through chest; Jim Paine, shot through right shoulder; Robert Patterson, shot through leg; Joseph E. Davis, shot through jaw.

All the foregoing casualties except the death of Reynolds himself are the result of the deadly fire of Reynolds with a 45-caliber Winchester. The Negro was in his turn riddled and thrown into a fire.

Sunday morning at 11 o'clock Sheriff Gassaway went to a Negro settlement, "Knardown," to arrest Will Reynolds for obtaining goods under false pretenses. The officer was met by the Negro, who opened fire with a Winchester, wounding the sheriff and immediately firing upon the deputy.

Will Gassaway, who was 300 yards away, mortally wounded him. As soon as possible every man in town who could procure a gun was in the neighborhood, but owing to the location none dared to venture within the open space. Dynamite was procured and the house in which the Negro was holed was fired upon by a 45-caliber Winchester. The Negro was in his turn riddled and thrown into a fire.

At 1 o'clock Capt. Simpson, of the Wheeler rifles, arrived with 12 guns and 1,000 cartridges, which were distributed among 13 picked men. This company was stationed around the house and the house in which the Negro was holed was fired upon by a 45-caliber Winchester. The Negro was in his turn riddled and thrown into a fire.

IN THE CONGRESS.

The House Passed the Chinese Exclusion Bill After Incorporating Several Amendments.

IS VERY DRASTIC IN CHARACTER.

Not Only Excludes Chinese by Birth and Descent, But All Chinese of Mixed Blood.

It Also Extends the Exclusion Laws to the Philippines and the Other Possessions of the United States.

Washington, April 8.—Senate—Considerable time was consumed Monday in a discussion of the conference report on the bill to reduce war revenue taxes. As passed by the senate, the tax on transactions in so-called bucket shops was retained. The conference struck out that provision, it being explained that the house would not consent to its retention. The conference report finally was adopted, 35 to 20.

House—The house passed the Chinese exclusion bill after incorporating in it several amendments which increased the drastic character of the measure. The principal one not only excludes Chinese by birth and descent, but all Chinese of mixed blood. The chief struggle was over an amendment to prohibit the employment of Chinese sailors on American ships. An amendment covering this proposition was at first ruled out on a point of order, but subsequently was modified to evade the ruling and was adopted, 100 to 74.

As passed the bill practically reenacts all the existing exclusion laws and incorporates with them the existing treaty regulations. It extends these exclusion laws to the Philippines and the other possessions of the United States, and forbids Chinese laborers in our colonial possessions coming in to this country. The Philippine commission, by the terms of the bill, is directed to adopt proper measures for the enforcement of the provisions of the bill in the Philippines. The conference report on the war revenue tax repeal bill was adopted and the bill sent to the white house. Late in the afternoon Mr. Fowler (N. Y.) had passed, under suspension of the rules, the senate bill to extend the charter of national banks for 20 years.

Charleston, S. C., April 8.—After an extended conference with President Weaver, of the exposition, and officials of the city, Gov. He said it was the first time the matter had been brought to his attention officially, and as the law was very pointed, he could not take any other course. He added that he would call out the militia if necessary to prevent the contest.
